FPT University is a school that **ACTIVELY PARTICIPATES IN THE INSTITUTIONAL BUILDING FOR PRIVATE SCHOOLS**, contributing a lot of ideas to building **HIGHER EDUCATION LAWS AND DEVELOPMENT STRATEGIES FOR HIGHER EDUCATION IN VIETNAM** through the National Council of Education Council and Human Resources and the Union of Universities and Colleges of Vietnam. The school's management system is designed according to ISO 21001 standard with 13 processes operating according to the principle of Plan-Do-Check-Act. In scientific research and teaching, the school is committed to academic freedom for its faculty. It is the policy of the school to ensure that both experienced and young faculty are encouraged and facilitated. Moreover, lecturers must be responsible for guiding students to participate in scientific research. The school spends quite a lot of financial resources to support both lecturers and students in scientific research
