### FPTU campus - A green park

FPTU has become a green park with hundreds of shade trees and thousands of low-growing trees, greening the surface of buildings and school grounds. It has had a green landscape comprising of plants and nearly hundreds of flowers blooming in all seasons. With the appearance of lotus ponds, green lush lawns, trees, and flowers, FPTU's campuses has become an attractive destination.

## Green Day

International Centre for Interdisciplinary Science and Education- ICISE (Binh Dinh province), the environmental and sustainable development research group under ICISE coordinated with FPTU to organize “Green Day” project. The has activities such as cleaning Quy Hoa beach; practice making puppets from recycled products; environmental education about plastic waste; raise awareness about using environmentally friendly products such as coconut shells, coconut spoons, banana leaves, coconut leaves; games made from recycled products; exhibition of recycling and environmentally friendly products, etc.
