actions of students at FPT University have supported the goal of “No Poverty” - SDG 1

11,3B VND

11,3 billion VND in financial support was provided to 3,000 families of FPT employees affected by storms and flooding in 2025

2,496

scholarships were awarded in 2025 to students from disadvantaged and particularly disadvantaged areas, including ethnic minority and mountainous areas, disadvantaged coastal and island communes, and border communes.

Full scholarships for students from disadvantaged and remote areas The FPTU School Scholarship Programme

In 2025, FPTU offers 900 School Scholarships to high school students from Area 1, including regions with particularly disadvantaged socio-economic conditions, ethnic minority communities, mountainous areas, coastal areas, islands and border regions.

Each upper secondary school in Area 1 is allocated one full scholarship, covering 100 per cent of tuition fees for the entire programme at FPTU, for a student who achieves Top 10 SchoolRank and is approved by the university.

The policy contributes to reducing financial barriers and creating opportunities for capable students from disadvantaged areas to access higher education and pursue long-term development opportunities.

Full scholarships are awarded to students from disadvantaged family backgrounds.

FPTU provides flexible financial support to reduce cost barriers and expand access to higher education

In 2025, FPTU provided financial support to 1,000 students experiencing financial difficulties. This support helped reduce financial pressures during enrolment, facilitated continued participation in higher education, and contributed to improving equitable access to university education.

FPTU FOR THE COMMUNITY

FPTU supports students in disadvantaged areas and improving access to essential resources: The “7-Day Experience” Programme

As part of the “7-Day Experience” programme in Fall 2025, FPTU collaborated with local authorities in Huong Lap Commune, Quang Tri Province, to support local communities through:

- 3 water filtration systems for local schools and community facilities.
- 200 warm jackets for local residents and children.
- 2,000 sets of learning materials and toys, as well as rice and essential supplies, for children and community members in need.
- 40 gift packages for disadvantaged Lao students living in remote areas along the Viet Nam–Laos border.

FPTU supports access to essential services in Khoen On commune, a remote highland community, through the “Continuing the Journey with Khoen On” programme

In December 2025, the iGo Community Club of FPTU Hanoi organised the “Continuing the Journey with Khoen On” charitable programme in Khoen On commune, with sponsorship from BioGaia Vietnam. The programme provided:

- >1,240 gift packages (including warm clothing, scarves, socks, school supplies, and milk) for students of Ta Gia Primary and Lower Secondary School.
- 300 kg of rice.
- 234 mattresses and warm blankets, together with hygiene products.
- 17 solar-powered lamps for Noong Quai Village.
- 1 water filtration system and solar-powered lighting equipment for two schools.

The programme contributed to improving access to clean water, lighting, sanitation, and essential goods for students and residents in a community facing socio-economic challenges. With nearly VND 200 million mobilised through social contributions and support from FPTU students, the programme helped address essential needs in the local community.

Hope Foundation's journey in 2025

Hope Foundation is a non-profit social and charitable fund operated by FPT Corporation, with the participation of its member organisations, including FPTU. The foundation focuses on supporting children, disadvantaged individuals, and vulnerable groups, particularly in remote and underserved communities.

In 2025, through Hope Foundation, the One-Day Salary Fund contributed by FPT Education faculty and staff provided approximately **VND 1.5 billion** in support to poor provinces and disadvantaged communities, helping address essential needs and improve living conditions for beneficiaries.

The FPT Fund Supports Employees' Families Following the Historic Floods in 2025
