16 PEACE, JUSTICE AND STRONG INSTITUTIONS

Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

47,133

actions of students at FPT University have supported the goal of “Peace, Justice and Strong Institutions” - SDG 16

32

research publications aligned with SDG 16: Peace, Justice and Strong Institutions were published by FPTU faculty members in 2025

To ensure objective evaluation and continuous improvement of its activities, FPTU conducts regular surveys with key stakeholder groups, including students, faculty and staff, and industry partners.

Student surveys include:

Evaluation of teaching performance by lecturers (GPA survey);

Evaluation of academic programmes and university services;

Feedback on internship and employer experiences;

Surveys on student engagement with the SDGs.

Faculty and staff surveys include:

Evaluation of service-providing departments;

Surveys on staff engagement with the SDGs.

Industry partner surveys include:

Feedback from partner enterprises on academic programmes, graduate quality, and university activities.

Survey results indicate a high level of student satisfaction with teaching quality and academic programmes, with **an average satisfaction score exceeding 4 out of 5.**

7th Congress of the Ho Chi Minh Communist Youth Union of FPTU

On April 12, 2025, FPT University successfully held the 7th Congress of the Ho Chi Minh Communist Youth Union (term 2024–2027), aimed at strengthening the role of the independent youth and student union in governance and in representing students' voices. The event was attended by a large number of youth delegates and elected a new Executive Committee of 07 outstanding members through a democratic, open, and transparent process. The summary report on the 2022–2024 period, together with in-depth discussion groups, proposed strategic solutions for the new term, affirming the mechanism of self-governance, intellectual contribution, and students' right to participate in decision-making in shared activities.

FPTU STRENGTHENS ENGAGEMENT WITH POLICY, LEGAL, AND GOVERNANCE ISSUES

Students learn about law in entrepreneurship

FPTU organized the thematic training program “FPTU RiseUp #3: Law in Entrepreneurship,” aimed at strengthening students’ understanding of law, risk/crime management, and intellectual property protection. The event brought together more than 100 students in attendance along with 03 leading experts and lawyers, including: the Chairman of SEALAW Group, the Director of Southeast Asia Law Partnership Firm, and the Head of Brand Protection at AkzoNobel Vietnam

FPTU equips students with legal risk management knowledge for entrepreneurship through a webinar

On October 18, 2025, FPTU held an in-depth seminar themed “FPTU RiseUp #25: Legal Risk Management in Entrepreneurship,” aimed at raising students’ awareness of legal compliance, crime prevention, and legal risk management in business administration, with a particular focus on student entrepreneurs. The program attracted a large number of student attendees, featuring insights shared by the host and 03 experienced lawyers. Through analysis of real-world cases, the event focused on equipping students with knowledge of founders’ legal responsibilities, prevention of copyright/ intellectual property infringement in the AI era, and transparent operating procedures, demonstrating the university’s commitment to educating law-abiding citizens.

FPTU promotes awareness of alternative dispute resolution through a talk show with VIAC

On March 20, 2026, FPTU collaborated with the Vietnam International Arbitration Centre (VIAC) to organize the thematic talkshow "Alternative Dispute Resolution (ADR) Methods in Practice at VIAC," featuring 2 speakers who are arbitration experts/Masters from VIAC. The program provided practical knowledge on out-of-court dispute resolution processes, equipped students with in-depth legal skills, supported civil enforcement, promoted justice and dispute mediation, and expanded career opportunities in the civil justice field for learners.

Students support the implementation of Resolution 57 on technology in Quang Ninh

On January 6, 2026, FPTU, together with FPT Corporation, collaborated with the Quang Ninh Provincial People's Committee to launch a program bringing technology students to directly support the local implementation of Resolution 57. Students were assigned to nearly 30 communes and wards (including Co To special zone) to help operate technical infrastructure, IT infrastructure systems, and data centers, and to guide officials and residents in improving digital skills and using online public services (VNeID, digital signatures), while promoting the University-Business-Government cooperation model and enhancing public digital governance capacity.

Students participate in digital transformation in Son Tay Ward, Hanoi

On January 20, 2026, FPTU collaborated with the Son Tay Ward People's Committee to organize a launch ceremony for digital transformation support. The program mobilized 50 technology students to work directly alongside the leadership of the Party Committee, People's Council, and People's Committee of the ward to improve the effectiveness of public governance. Students were tasked with supporting the application of IT in operations and administrative procedure processing, and guiding officials and residents in using online public services, VNeID, and digital signatures. The activity helped promote modern public administration and strengthened the university's social responsibility ties with the local community, boosting engagement with grassroots government operations.

Students develop the "SOS Tang Nhon Phu" application

On January 8, 2026, FPTU handed over and, together with the Tang Nhon Phu Ward People's Committee (Ho Chi Minh City), officially launched the "SOS Tang Nhon Phu" application. This product was researched and developed by a team of lecturers and 06 Software Engineering students (Class 19) to digitize urban management, with a strong focus on policy coordination with local government and engagement with local policymakers and stakeholders. At the launch event, the program also conducted hands-on application training for 86 Neighborhood Group Leaders, helping make the process of receiving citizen feedback more transparent and promoting a grassroots e-government model.

FPTU submits proposals to the government and local authorities continued land allocation for private education in urban areas

Dr. Nguyen Xuan Phong – Vice President of FPTU directly put forward key policy recommendations and feedback on higher education governance and education socialization in line with Resolution No. 35/NQ-CP, a Government resolution aimed at mobilising social resources to support the development of education and training in Viet Nam (2019–2025). Drawing on practical data from managing more than 150,000 students, 6,000 staff and faculty, and a research achievement ranking 17th nationwide with 335 WoS publications (SARAP Ranking 2024), the university provided policy consultation to state management agencies on: removing barriers related to land funds and facilities, simplifying administrative procedures, and adjusting regulations on lecturer-to-student ratios and floor area norms to suit the AI era and online training.

Cooperation with local government on digital transformation: FPTU signs agreement with the Ho Chi Minh City Digital Transformation Center

On January 8, 2026, FPTU handed over and, together with the Tang Nhon Phu Ward People's Committee (Ho Chi Minh City), officially launched the "SOS Tang Nhon Phu" application. This product was researched and developed by a team of lecturers and 06 Software Engineering students (Class 19) to digitize urban management, with a strong focus on policy coordination with local government and engagement with local policymakers and stakeholders. At the launch event, the program also conducted hands-on application training for 86 Neighborhood Group Leaders, helping make the process of receiving citizen feedback more transparent and promoting a grassroots e-government model.
